

Specifications

MTOM = 30kg

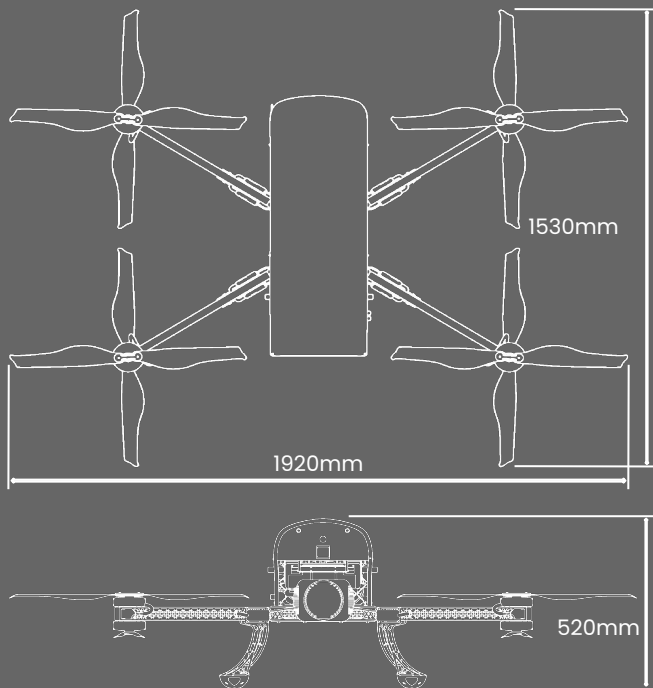

$V_{\text{cruise}} = 12\text{m/s}$

Max flight time = 3 h

Payload capacity = 5 kg

Wind resistance = 15m/s

Maintenance cycle after 25 h

Key features

- Hybrid or electric configuration
- Multi op. cellular datalink
- Encrypted data transfer
- Emergency safety landing
- Long flight times
- Flexible ground control
- ADS-B transponder
- Safety parachute (optional)
